# FRIDAY 5<sup>th</sup> of May, 2017, *The View Hotel.*

08:20 - 09:00 *Registration, Visit of stands*

## 09h00 – 10h30 2<sup>nd</sup> Session : Imaging in heart failure

*Chairmans : Prof. W.Frank Peacock and Prof. Alexandru-cristian Nechita*

09h00 – 09h20 Complex clinical and echocardiography indexes of early ventricular failure

*Alexandru-Cristian Nechita, MD-PhD, Bucarest, Romania*

09h20 – 09h40 Repeated Assessment of Lung Edema by Sonography (RALES) in emergency department. Patients with Hypertensive Acute Heart Failure

*Lorenzo Paladino, MD EMT-P, Kings County Hospital Medical Center New York, USA*

### Clinical Cases :

09h40 – 09h50 1<sup>st</sup> case : *Sabah. Fadouach, Marrakech, Maroc*

09h50 – 10h00 2<sup>nd</sup> case : *Hasna. Belghiti, Rabat, Maroc*

### 10h00 – 10h30 Lecture

Early discharge of patients with pulmonary embolism: What are the risks, what are the benefits, and how to pick the right patient.

*Frank Peacock, MD, Houston, USA*

10:30 - 11:00

*Coffee Break*

*Interactive Q&A with speakers, Visit of stands*

## 11h00 – 13h00 3<sup>rd</sup> Session : Biomarkers for heart failure

*Chairmans : Dr. Christian Jung and Dr Philippe Rouet*

11h00 – 11h20 “Omics” based discoveries of new heart failure biomarkers

*Alain Maisel, MD-PhD, San Diego, California, USA*

11h20 – 11h40 Insulin-like Growth Factor Binding Protein-2 predicts hospitalization and mortality risk in heart failure

*Philippe Rouet, PhD, Toulouse, France*

11h40 – 12h00 A method to measure the (biochemical) effectiveness of ACE inhibitory drugs.

*Attila Tóth, PhD, Debrecen, Hungary*

### 12h00 – 12h30 Lecture

Update cardiogenic shock 2017

*Christian Jung, MD-PhD, Duesseldorf, Germany.*

12h30 – 13h00 Discussion

13:00 - 14:30

**Lunch Break**

*Interactive Q&A with speakers*

*Visit of stand*

**14h30 – 16h00**

**4<sup>th</sup> Session : Cardio-metabolic Syndrome**

**Chairmans: Prof. Meyer Elbaz and Prof. Mohamed. Alami**

14h30 – 14h40

Update on management of cardio-renal syndrome

*Matthieu Legrand, MD-PhD, Paris, France*

14h40 – 15h00

**Cas clinique** : Syndrome cardio-rénal

*Saadia Abir-Khalil, Rabat, Maroc*

15h00 – 15h20

Lipid biomarkers of left ventricular dysfunction in metabolic syndrome

*Philippe Rouet, PhD, Toulouse, France*

15h20– 15h40

**Cas clinique** : Syndrome cardio-métabolique

*Mohamed. Alami, Casablanca, Maroc*

15h40 – 16h00

Stéatose hépatique : marqueurs de risque cardiovasculaire

Hepatosteatosis : cardiovascular risk marker.

*Meyer Elbaz, MD-PhD, Toulouse, France*

16:00 - 16:30

**Coffee Break**

*Interactive Q&A with speakers, Visit of stands*

**16h30 – 18h00**

**5<sup>th</sup> Session : Biomarkers in cardiology**

**Chairmans:**

16h30 – 16h50

Biomarkers to guide therapy of heart failure

*Alan Maisel, MD-PhD, San Diego, USA*

16h50 – 17h10

Acute hyperkalemia treatment; We got new binders, how do they fit in?.

*Frank Peacock, MD, Houston, USA*

17h10 – 17h30

Biomarkers of angiogenesis during cardiac shock wave therapy

*Greta Burneikaitė MD-PhD, Vilnius, Lithuania*

17h30 – 17h50

hs troponin use in heart failure

*Salvatore Di Somma, MD-PhD, Roma, Italy*

17h50 – 18h00

**Clinical Case**

# SATURDAY 6<sup>th</sup> of May, 2017, *The view hotel.*

## **09h00 – 10h30** 6<sup>th</sup> Session : Heart Failure with preserved Ejection Fraction

*Chairmans:*

**09h00 – 09h20** Traitement de l'insuffisance cardiaque à fraction d'éjection préservée

*Michel Galinier, MD-PhD. Toulouse. France*

**09h20 – 09h40** Inflammatory biomarkers in patients with heart failure with preserved ejection fraction  
– a holistic proteomic approach

*Camilla Hage RN, PhD, FESC, Stockholm, Sweden*

**09h40 – 10h00** Evaluation Echographique dans l'insuffisance cardiaque à fraction d'éjection préservée

*Maha. Raissouni, Rabat, Maroc*

**10h00 – 10h20** Orientation Ethologique dans l'insuffisance cardiaque à fraction d'éjection préservée

*Latifa. Oukerraj, Rabat, Maroc*

**10h20- 10h30** Discussion

**10:30 - 11:00**

*Coffee Break*

*Interactive Q&A with speakers, Visit of stands*
